

▲ Vortex chips. To improve play, glue all chips to a thin piece of cardboard (try an old cereal box) before cutting.
If you use an inkjet printer, use a gluestick or rubber cement, as white glue may cause inkjet printouts to "bleed."

▼ Rocketball chip.

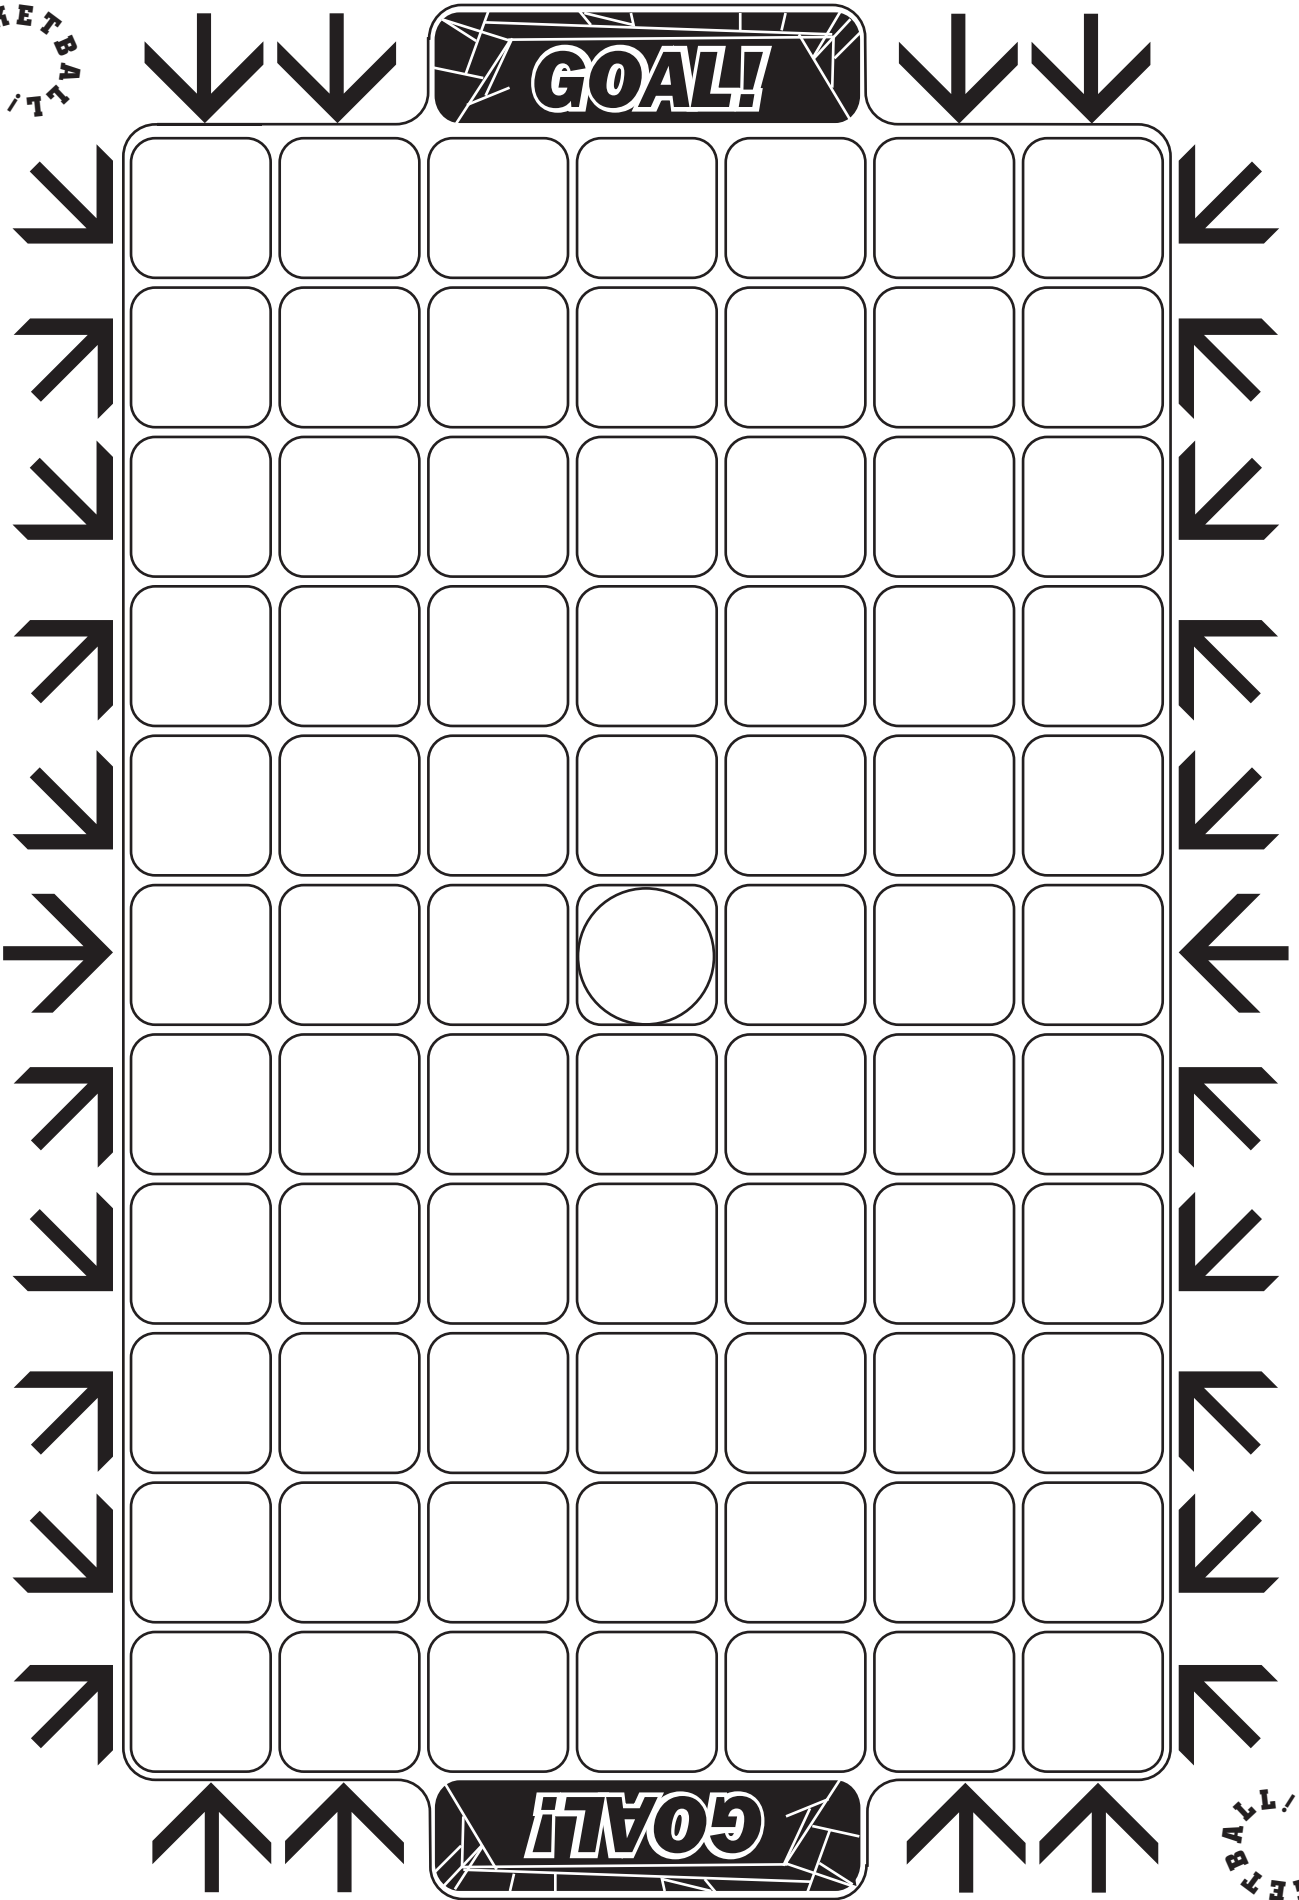

▼ Blank chips, for use with game variants.

ROCKETBALL

ROCKETBALL! is Invisible City Productions release 013. Enjoy a new free game every month by visiting www.invisible-city.com/games
